Mail'n Ship Station

Intelligent Mail and Parcel Processing

quadi⁷ent
Because connections matter.

Dynamic, Intuitive, Reliable

Dynamic businesses count on smart productivity tools to do more than simply move the mail. Quadient's **IS-480 Mail'n Ship Station** takes letter and parcel processing to a new level of intelligence and productivity.

With state-of-the-art technology and **MYQUADIENT** online tools at your fingertips, the IS-480 delivers a best-in-class solution that will meet your demanding mailroom needs. Convenient to use, the highly capable IS-480 with whisper-quiet operation is fast and efficient. With the smallest footprint in its category, you'll appreciate the sleek ergonomic design that easily integrates into your business environment.

Quadient and Bullfrog Power®

Quadient is proud to be partnered with Bullfrog Power, Canada's leading green energy provider. By choosing Bullfrog Power's green energy for all our Canadian facilities, Quadient is reducing its environmental impact and supporting the growth of green energy projects in Canada.

This multi-year partnership will also see Bullfrog Power's generators inject 100% green electricity back into the grid to match the power consumption of all Quadient **Mail'n Ship Stations** installed at new customer locations. **Mail'n Ship Stations** powered by green energy are a first for the industry in Canada and demonstrate Quadient's commitment to include all stakeholders in its sustainability efforts.

Get the most out of your IS-480 with integrated online shipping and instant postage payment

Need to send a large envelope or a package? Simply access NeoShip from your suite of **MYQUADIENT** online tools, follow the illustrated prompts and create your Canada Post compliant shipping label in 4 simple steps;

1. Choose a package type and weigh your item
2. Enter the shipping address
3. Choose the delivery date, service and any extra Canada Post service options
4. Print the postage paid shipping label from a desktop or thermal label printer and affix to the package. Pay for postage before you ship using your Quadient Digital Postage On Call (DPOC) account.

1. i-Weigh Dynamic Scale automatically weighs and measures mail at speeds of up to 90 letters per minute.

2. Space Saving Integrated Weighing Platform with differential weighing makes processing mixed-sized items easy

3. Intuitive Colour Touchscreen provides simple navigation, minimizes keystrokes and improves efficiency with one touch selection

6. Pair the IS-480 with NeoShip to automate weight calculations for your parcels using the IS-480 weighing platform

5. Integrated Automatic Label Dispenser prints labels for items under 500 grams that cannot fit into the mixed-sized auto feeder

4. Shortcut Keys reduce job set-up time getting your mail out faster

Mix it up; the IS-480 will sort it and seal it

The IS-480 Load'n Go Mixed Size Autofeeder eliminates the manual task of sorting mail by size, thickness or weight. Simply place your envelopes of various sizes and formats into the self aligning feeder and press start.

No matter what your needs are, the IS-480 will process and seal up to 150 letters per minute.

It's that easy: sorted, sealed and ready to go.

Intuitive colour touchscreen control

The intelligent, full colour touchscreen puts even the occasional user in control with simple to use navigation menus. Eliminate errors and improve productivity with a host of smart functions and effortless menu prompts that deliver extensive features.

Use the Rate Wizard and Shortcut features, as well as Imprint Memories to save time and get your mail out faster.
